	Implement program				
Develop and adopt a Parks Master Plan	Assess options for planning process (costs, consultants, examples, etc.)				
	Convene advisory group				
	Commit funding to planning process				
	Complete planning process				
	Begin implementation of plan recommendations				
Develop shared use agreements	Explore existing shared use arrangements and potential opportunities				
	Convene partners				
	Identify model policy language				
	Develop and adopt policy				

Goal	Action Steps	Responsible Persons/Orgs	Timeline	Priority	Completed
<b>Huntingburg, Dubois County</b>					
Conduct walkability assessments in key areas (near schools, parks, other office/retail clusters, etc.)	Identify key partners, volunteers				
	Determine assessment tool to be used				
	Conduct assessments				
	Compile Findings				
	Offer recommendations to decision-makers				
	Track progress				
Explore expansion of transit system throughout the county	Convene existing transit providers, stakeholders				
	Understand assets/limitations of existing services, including funding streams				
	Define unmet needs				
	Seek funding/opportunities to expand service				
Conduct safety audits near schools	Identify key partners, volunteers				
	Determine assessment tool to be used				
	Conduct assessments				
	Compile Findings				
	Offer recommendations to decision-makers				
	Track progress				
Develop a Safe Routes to School Program	Follow 8-step guide available online: <a href="http://guide.saferoutesinfo.org/steps/index.cfm">http://guide.saferoutesinfo.org/steps/index.cfm</a>				
Participate in walk/bike to school days	Use resources available through national site: <a href="http://www.walkbiketoschool.org/">http://www.walkbiketoschool.org/</a>				

Goal	Action Steps	Responsible Persons/Orgs	Timeline	Priority	Completed
<b>Jasper, Dubois County</b>					
Adopt a Complete Streets ordinance	Obtain buy-in of city leadership to adopt policy				
	Determine timeline for process				
	Draft policy language				
	Share plan to adopt, timeline and policy language w/ community partners, neighborhood groups, etc.				
	Resolve any concerns, issues				
	Adopt policy				
Develop a sidewalk program with both regulatory and financing components (including: development requirements, revolving loans for maintenance and construction; Barrett Law for cost sharing; snow removal policy, etc.)	Evaluate existing sidewalk program elements				
	Explore components that would work for community				
	Identify high priority components				
	Develop 'program' through policies and funding				
	Implement program				
Develop and implement an ADA transition plan	Assess options for planning process (costs, consultants, examples, etc.)				
	Convene advisory group				
	Commit funding to planning process				
	Complete planning process				
	Begin implementation of plan recommendations				

Develop and implement a bike/ped master plan	Assess options for planning process (costs, consultants, examples, etc.)				
	Convene advisory group				
	Commit funding to planning process				
	Complete planning process				
	Begin implementation of plan recommendations				

DRAFT

Goal	Action Steps	Responsible Persons/Orgs	Timeline	Priority	Completed
<b>Gibson County</b>					
Convene a county-wide trails committee	Identify key partners, stakeholders				
	Assess current needs and opportunities				
	Explore/research other trails groups, best-practices				
	Determine priorities				
	Work together to move forward				
Explore expansion of transit system throughout the county	Convene existing transit providers, stakeholders
